Not just one, many. The entire lot begins moving towards us, getting closer and closer... and is

And why do I still wish that they had come closer? Maybe they will, in your tour.

A giraffe in Konark!

The magnificent animal giraffe, found only in Africa finds a place in one of the carved panels on the southern upper portion of pista or raised plinth of the grandest architectural marvel, Sun Temple, Konark - the 13th Century World Heritage Monument. Historians opine that, either a giraffe was brought alive by sea from Africa to Odisha or a few giraffes were brought to India, bred in a royal park somewhere and the king acquired one.

Message

It is delightful to know that Travel & Tourism Fair (TTF) is going to organize a series of Travel & Trade Fairs at the Metro Cities of India.

Tourism is the field having the maximum potential to provide coming opportunities to the local residents for being self-sustained. However, more efforts are required to push this tourism industry to exploit its potential to the fullest. Gujarat is also the way of progress in the development of domestic tourism by putting up sincere efforts. The domestic tourism is truely the backbone of the tourism industry as it is provides the support in times of global economic crisis.

The endeavour of organizing travel & tourism fairs will definitely provide the good platform to the stake holders for marketing, awareness and knowledge sharing. It will help to boost the tourism industry across the country.

I extend my congratulation for this organizations of TTF and my best wishes for the publication of the souvenir on the occasion.

Message

I am glad to know that Travel and Tourism Fair 2013 would be held at four centres in India, spread over the months of January and February.

I hope that TTF 2013 series would emerge as yet another successful attempt in realizing the potential of domestic tourism in India. I also hope that the stakeholders in the industry, the media, travel writers and others in the travel and tourism fraternity of India would find TTF 2013 as a great platform to give new direction and explore avenues that would serve tourism in India well in the coming years.

Wishing all success.

MESSAGE

I am happy to know that the Travel and Tourism Fair (TTF) will be organized by the Ministry of Tourism, Government of India for roping everybody towards the development and growth of Tourism in the Country. In fact, Tourism has emerged as an important economic activity, which also creates employment and promotes understanding, peace and harmony. Domestic tourism is the backbone of the Indian Tourism Industry. It provides sustenance and growth to the industry around the year, and especially at times like this when inbound Tourism is affected by global economic crisis and other socio-economic factors.

No doubt, the proposed Travel and Tourism Fair will be an eye opener in providing a comprehensive and countrywide platform in the field of domestic tourism markets. It is a pride to note that this TTF 2013 series is covering four major tourist generating markets in Chennai, Bangalore, Mumbai and New Delhi attracting participants from all over India and abroad.

It is in everyway fitting that a Commemorative Souvenir is being brought out to grace the occasion.

I take this opportunity to compliment the organizers as well as the Souvenir Committee all the best in their consistent and cogent endeavours.

Products & Services -
We have over a decade of tourism experience in Egypt and the Middle East. Our true philosophy of customer satisfaction means that we treat our customers as individuals and we cater to their every individual need and requirement. During this decade of service delivery, we have also been the ground handlers for major tour operators based in the UK, USA, China and Brazil.

By using the best hotels, our customers experience nothing but luxury and comfort. With our dedicated fleet of reliable transportation and well-trained drivers, our guests are in safe hands. Our head office is situated in Giza and we have various regional offices to ensure that the quality and access to our service is spread throughout the country.

Lady Egypt Tours stands out above the rest when it comes to arranging special events. These include belly dancing festivals, sun festivals at the Abu Simbel temple which takes place twice a year, spiritual events that take place on specific days of the year as well as anniversaries and birthdays. Together with our hotel booking service, we can arrange small to large scale conferences together with all the facilities required to create the most preferred events and facilities required.

We have a range of very intimate and romantic honeymoon ideas that our specialist organizers can set up for the newlywed couples. These include city holidays, desert holidays and of course, the most romantic Nile Cruises.

Our tour guides are carefully selected to match the class and requirements of our customers. They are excellently qualified and experienced. We offer guiding in English, French, Spanish and German. We can also provide guides that speak Japanese, Chinese, Mandarin, Russian or a number of other languages.

Lady Egypt Tours owns its own fleet of vehicles which enables us to take care of any means of transportation needs during the trip. The vehicles match our company image and not only will you feel safe in them, you will also feel that they match the exact need of the type of tour.

In 2005, the Ministry of Tourism awarded our company for the management of one of our 3-Star Hotels. For three consecutive years since 2007 Lady Egypt Tours received the Mena House – Top 10 Award – Top 10 Producer.

The “REGIONAL ECONOMIC DEVELOPMENT PROGRAMME in Uttarakhand” is an initiative of the Federal Republic of Germany in promoting Indo-German economic cooperation by assisting a relatively backward region in India to bridge the existing economic divide between “the hills and the plains” by complementing and supporting ongoing development efforts. The RED Programme envisages a steady flow of technical assistance from the German side which is intended to complement the Government of India’s reform policies geared towards a more inclusive growth and reducing poverty by generating income and employment, particularly for the rural and marginal groups in Uttarakhand.

The Programme has partnered with Uttarakhand Tourism Development Board in marketing and promotion of Uttarakhand as a potential destination for tourism.
